Miami Dade College Medical Campus - Dental Hygiene Clinic
Medical Campus Building 1, Room 1119
950 NW 20 Street
Miami, FL 33127

Welcome to all the candidates participating in the ADEX Dental Hygiene Simulated (Manikin) Patient examination at Miami Dade College (MDC) Dental Hygiene Program facility. Our facility has been contracted by ADEX for the administration of the exam. The faculty and staff of the MDC Medical Campus realize that clinical boards are inherently stressful, especially when applicants are working in an unfamiliar clinic. It is our sincere hope that this information guide, which has been prepared to help assist dental hygiene candidates for the ADEX administered ADEX dental hygiene exam, will help make your time with us as smooth as possible.

Please do not call for interpretation of the Candidate Manual provided by ADEX. Questions regarding the examination process (e.g., registration, availability, content, paperwork or forms, etc.) should be directed to ADEX. **DO NOT contact the school regarding registering for the exam or for permission to test at their location.** All such questions and requests must be submitted to ADEX via Contact Us.

## VISITOR PARKING:

Parking is available in the students/visitors parking garage located at the corner of 10th Avenue and 20th Street, entrance is on 10th Avenue. The main vehicular entrance is located along NW 10th Avenue between NW 20th Street and NW 19th Street. The parking garage and the College will be open by 6:00 am.

## FACILITY FEE COLLECTION:

The facility fee will be collected by ADEX during candidate online registration.

| Outside Candidates: | $250 |

## HOOKUPS:

Sonic/Ultrasonic Devices: All operatories are equipped with power and quick-connect air/water for use with sonic/ultrasonic devices as specified below.

Our chairs are equipped with Cavitron units and a Cavitron handpiece (see pictures below). Ultrasonic inserts and handpieces must be 30K to be compatible with MDC's Cavitron® units.

If you are using our ultrasonic unit, please be aware every effort has been made to ensure that the "used" Ultrasonic units are in good working order; however, due to their "used" condition performance expectations may vary from unit to unit.

Candidates are responsible for providing 30K inserts/tips and handpieces for their own use if possible. We do not rent or sell any instrument/equipment.

If you are using your own Ultrasonic scaling equipment/unit: An A-dec quick disconnect plug must be on the water hose to connect to the dental unit (see picture provided).

RENTALS:
Instruments, equipment, sharpening, and sterilization services are not available. Candidates are responsible to provide their own.

DENTAL UNIT MALFUNCTIONS:
Report any equipment malfunctions to the Chief or CFE. A dental equipment repair technician or dispensary staff member will provide assistance as soon as possible, however the candidate assumes all responsibility for any inadvertent damage or perceived damage to any personal items, instruments, ultrasonics, or other items that the candidate is seeking help with is the sole responsibility of the candidate.

INFECTION CONTROL:
Universal infection control guidelines and Personal Protective Equipment (P.P.E.) and guidelines should be observed during the ADEX exam at MDC Medical Campus. This includes standard OSHA standards and guidelines.

Personnel Protective Equipment: Disposable gowns are not necessary for manikin exams. If the candidate desires to wear one, the candidate should provide it. Disposable gloves and masks will be available, however if the candidate has a latex allergy or has a preference with a specific brand/material the candidate is responsible to supply their own. Candidates must provide their own OSHA-acceptable protective glasses, shield and/or loops.

COVID-19 PRE-SCREENING INSTRUCTIONS: n/a

MEDICAL EMERGENCY PROTOCOL:
In the case of a medical emergency, notify the examination chief immediately. The chief will notify the college staff person on site who will assess the emergency and notify campus security. If emergency medical personnel are needed the campus security will call 911. The college staff person will access any emergency equipment needed, including the emergency medical kit which is located in the clinic dispensary and oxygen which is available in each clinic. For non medical emergencies the campus security number is 305-237-4100
