- For questions regarding the school and equipment, please contact Janele Williams: 801- 863-7536. Building will be open from 6:00am-6:00pm daily for duration of exam.
- **Parking:** You may park anywhere around the building, with a free pass that will be given you at the front desk of the UVU Clinic. Parking is available from 6am to 6pm.
- **Security and Emergency Services:** In case of an emergency, you may contact the UVU campus police at 801-863-5555, or the Orem Police Department at 801-229-7070.
- **ATM Machine:** There are no ATM machines on the west campus, but there are various ATM's on main campus: Wolverine Service Center, Nuvi Basketball Center, and Noorda Theatre and Box Office. There is also an ATM at Mike's Chevron Station on the corner of Geneva and University Parkway.
- **Food Services Onsite:** UVU west campus has no food services, but there are vending machines with beverages and snacks. There are also many fast-food establishments and restaurants within ½ a mile all around the campus, on Geneva Road and University Parkway.

2. Preparing for the Exams

- A. Each candidate will be issued an I.D. badge by CDCA-WREB-CITA at the exam. All equipment malfunctions that take place during the examination should be immediately reported to the Utah Valley University School Coordinator and CDCA-WREB-CITA Chief.
- B. **Sonic/Ultrasonic Devices:** The clinic is equipped with Dentsply Ultrasonic units that will be available in each operatory at no charge. You may bring a 30K Cavitron tip, for your own use, or rent one for \$10 cash through the clinic.
- C. **Air/Water Syringe Tips:** Disposable air/water syringe tips will be available to use with the dental unit, with extra tips on the supply table.
- D. **Expendable Materials:** Expendable dental materials supplied by the school are noted in **Appendix A**.

3. During the Clinical Exam

A. Dental Operatory Units: : Each operatory is equipped with one ADEC 411 chair, one delivery unit equipped with two air/water syringes, high volume suction and low volume suction, one high speed hookup and one slow speed hook up.

B. Infection Control (Surface Asepsis):

- a. • Handles of the unit light, x-ray heads, and air-water syringes may be covered with plastic wrap provided on cart.
- b. • The patient chair must be disinfected with OPTIM 33TB-Wipes at each unit.
- c. • Plastic chair barriers and plastic covers are provided. Disinfecting spray and wipes are available in each operatory.
- d. • Disposable plastic over gloves are available for candidates on cart.

C. Sharps Disposal: All needles, anesthetic cartridges and any other disposable sharps are to be placed in the red plastic sharps containers located in each operatory on the countertop area.

D. Emergency Medical Equipment: All necessary emergency equipment is located in the instructor grading area, which will be pointed out during the clinic tour. This includes oxygen, AED, first aid kits, ice packs, etc.
