

EXAMINATIONS BY PSI SERVICES LLC

This Candidate Information Bulletin provides you with information about the written examination for the Expanded Function Dental Auxiliary (EFDA) examination administered by the American Board of Dental Examiners, formerly CDCA-WREB-CITA. Certain state laws stipulate that a person may not act as an Expanded Function Dental Auxiliary without registering with the state board. One of the requirements is successful completion of a written examination to confirm that you have attained at least a minimum level of knowledge regarding the principles, practices, and regulations relating to the dental profession.

The American Board of Dental Examiners has contracted with PSI Services LLC (PSI) to conduct the computer based portion of the examination. PSI provides examinations through a network of computer examination centers nationwide. PSI works closely with the American Board of Dental Examiners to be certain that examinations meet local, as well as national requirements in basic principles and examination development standards.
